I. MOORAGE FEE

1. Standard Terms

A fee (moorage fee) is paid for each ship, vehicle, and piece of floating equipment that calls at the port or its dredged channel. The moorage fee applies to each vessel.

The vessel or its agent must pay the fee prior to the vessel's departure from the port. The port may, however, accept a deposit or other security to permit the vessel to depart prior to payment of the fee.

A vessel is considered to call at the port, *etc.* from its day of arrival.

The moorage fee is calculated on the basis of gross ton (GT), rounded down to the nearest ton.

The fee covers the vessel's stay for 7 calendar days.

If the vessel remains longer than 7 calendar days, a rental fee (equivalent to 75% of the moorage fee) is payable for the next 7 calendar days and any succeeding mooring periods.

The shipping company should pay the moorage fee by:

Vessel Type	Vessel Fee per GT in DKK (valid from 01/01 – 31/12/2020)	Note
Commercial Ships	3.60	1
Commercial Ships – Monthly Fee	19.15	1
Ferries – monthly fee	19.15	
Tug Boats	1.90	2
Tug Boats monthly fee	9.75	
Cruise Ships	3.25	3
Supply Boats	1,893,50 per month	
Commercial ships <100gt	412.00 per call	
Danish Military Ships	-	4

Note:

1. Applicable for vessels over 100 GT. For smaller vessels, see Paragraph XIII.
2. The rate for tugs is valid from date of call and for 7 calendar days. If the tug boat leaves the port and returns within the 7 day period, a new 7 day period will be charged.
3. The rate is only applicable for vessels larger than 1000 GT. The rate is applicable for stays of up to 48 hours.
4. Special fee in accordance with list – see Page 14.

A vessel's monthly fee is payable to the port in advance and provides the right to an unlimited number of arrivals within the applicable calendar month. Paid monthly fees cannot be refunded, even if the vessel does not arrive in the port during the whole of the month in question on account of damage or any other reason.

2. Exemption from Moorage Fee

Vessels registered for the fishery are exempt from the moorage fee, with the exception of vessels that call into port to unload fish that were taken onboard in another port.

Vessels belonging to foreign governmental authorities and which are not permitted to transport goods or passengers are exempt from the moorage fee.

Vessels that call into port solely on account of emergency (for example, in order to seek medical help, land sick or injured individuals, deal with shipwreck or catastrophic damage, or avoid hazardous weather) are exempt from the moorage fee as long as their stay in the port does not extend over 24 hours.

3. Repayment of Moorage Fee

For vessels having paid moorage fee for every call and which are calling the port as part of a fixed route, the moorage fee can be partly refunded.

II. CUSTOMS DUTY

1. Standard Terms

Customs duty is paid on all goods loaded, unloaded, or otherwise set ashore or set to sea in the port or its dredged channel. The vessel or its agent must pay customs duty prior to the vessel's departure from the port. The port may, however, accept a deposit or other security to permit the vessel to depart prior to payment of the fee.

Customs duty is payable by the consignee or the consignor respectively, and the vessel has right of recourse against the consignee or the consignor respectively. Regarding cargo such as fresh fish, *etc.*, however, the regulations set forth in Point 3 apply.

Customs duties are calculated on the basis of **DKK 16.40** per ton. Reduced fees apply, however, for the types of goods described in Groups I and II.

3. Fish and Shellfish

A fee of 2.2% of first-hand sales is payable for all processed or unprocessed fish and shellfish unloaded from fishing vessels or well smacks. A fee of 2.2% is payable for all deep-frozen and packaged shrimp unloaded from fishing vessels.

Customs duty for fish, *etc.* is paid by the purchaser (auction holder, fishmonger, fish buyer) who must provide the harbour a written basis for calculations. With the express consent of the harbour, the declaration may be submitted after the passage of a specific period of time, though no later than one month after the landing of the cargo. The purchaser may also be obliged to submit a specification of the purchases. The port may likewise oblige the master

of the aforementioned vessel to submit written information on the cargo's value, weight, and purchaser.

The master must provide the port with a written declaration of the cargo's weight and type. The cargo's weight is declared as gross weight rounded down to the nearest hundred kg. In the event of rate changes, the fee is calculated on the basis of the rates applicable at the time that unloading commenced.

4. Container goods

Customs duties per container regardless of size	Kr. 184.50
ISPS fee per container	Kr. 10.25

5. Exemption from Customs duty

To be negotiated with the Port Authorities.

6. Refund of Customs Duty

Customs duties may be refunded in the following instances:

If it can be documented that an incorrect declaration resulted in the payment of excessive customs duties, one can claim payment adjustment from the Port of Kalundborg up to three months following the date of payment.

A processing fee is required for refunds: DKK 500 per refund

If the designated customs duty is not paid to the vessel or its agent by the consignee or consignor respectively, an applied-for refund may take place, provided that the following conditions are fulfilled.

The vessel or its agent must claim customs duty from the consignee or consignor respectively simultaneous with its payment to the port. The claim must contain notification to the effect that the port will be informed if the sum is not paid within five days. If customs duty is not paid by the consignee or consignor respectively prior to the stated due date, the port must be notified immediately, accompanied by a copy of the letter to the consignee or consignor respectively.

Sums below DKK 500 cannot be refunded.

III. PORT SECURITY FEE

1. Standard Terms

A fee has been in place for Port Security as of 1 July 2004. Payment of the Security Fee is made for all vessels. Like the moorage fee, this covers the vessel's stay for a period of 7 calendar days. If the vessel remains longer than 7 calendar days, a fee of DKK 0.40 per GT, a minimum of DKK 345.50, is payable for the next 7 calendar days and any succeeding periods in the zone.

V. DECLARATION OF INFORMATION

The shipmaster or the ship's agent must provide the information on the vessel, its cargo, *etc.* that is necessary for the port to calculate and claim ship and cargo duties. The information provided must be accompanied by supporting documentation in the form of ship's papers, cargo documents, weight documentation, *etc.*

For the purpose of statistical information and reporting to the authorities the shipmaster or the ship's agent must also provide the port with the necessary information on the ship, passengers, and cargo, including own means of transport, containers, *etc.*

VI. Regulations on Rental of Water Spaces and Calculation of Demurrage within the Waters of the Port of Kalundborg

§ 1

The present regulations apply to vessels which by licence of the Port of Kalundborg are moored at berths in the port, and piers and also to the shipyards, floating docks and repair fleets *etc.* paying for utilisation of the port waters in line with Port of Kalundborg's "Rates and Business Terms and Conditions".

§ 2

a. The rental fee stated in "Prices and Terms & Conditions" is set for each period of 7 calendar days as 75% of the then-applicable moorage fee for Kalundborg Harbour.

b. For water spaces used as wharfs, floating docks, repair platforms, *etc.*, the rental fee is set as the same as that which applies to the land spaces directly adjacent to the rented water spaces.

c. For water spaces that do not fall under the categories set forth in Points a and b above, the rental fee is set in accordance with a special contract entered into by the renter and the Port Authority.

§ 3

The rental fee is invoiced by the Port Office and payable in advance every 7 calendar days. For vessels that remaining on a more permanent basis, the fee is payable in advance on a quarterly or biannual basis.

§ 4

Permission is not normally granted for house boats to remain in the port. If such permission is exceptionally granted with the express written consent of the Port Authority, special terms of payment appropriate to the particular case will be set.

§ 5

The Port Board may always make exemptions to the above rules when special circumstances demand it.

VII. Cranes/Loading Machines – Rates and Hourly Wage Rates

Crane work that is undertaken in connection with a ship calling at the port and that results in the payment of customs duty is calculated and paid for on the basis of tons and hourly rates.

Normal working hours are Monday to Thursday, 07:00am to 03:30pm and Friday, 07:00am to 03:00pm.

Extra charge will be added for all work in the evening, night, and weekends, when the conditions for this are fulfilled. A minimum of one hour is payable for all work.

Please refer crane regulations for the Port of Kalundborg for a description of the relevant conditions.

For information regarding crane work Item 3 “Responsibility” from the port’s crane regulations can be seen below:

Item 3.1

Kalundborg Harbour’s crane rental business consists solely of placing cranes at the disposal of the renter. The renter shall, therefore, be responsible for any and all supervisory and operational obligations.

Item 3.2

Kalundborg Harbour is not responsible for any disruption to the crane’s operability.

Item 3.3

Kalundborg Harbour shall not undertake any work involving suspending the load from the cranes or supplying the necessary rigging gear.

Item 3.4

The renter or its representative shall be responsible for managing the crane's work by advising the crane operator of the movements the crane must make and informing the operator of other aspects related to the anticipated execution of the work. This information shall be provided in Danish. The renter shall also be responsible for appropriate coordination between the crane, vessel, other involved loading and unloading operations, etc.

Item 3.5

The crane renter shall be responsible for undertaking every aspect of the work in a safe and prudent manner. This shall include paying attention to labour and environmental concerns to the fullest extent possible, including taking account of weather conditions, the ship's layout and construction, and the possible need to suspend the work.

Item 3.6

Kalundborg Harbour shall not be liable for any injuries to persons or damage to property that may occur in connection with crane use. Nor shall Kalundborg Harbour be responsible for damage to the ship and its dunnage, ballast tanks, double-bottom tanks, etc., regardless of whether the damage occurs as a result of missing or insufficient information regarding obstructions.

Item 3.7

Kalundborg Harbour shall be liable only for injuries resulting from the use of Kalundborg Harbour's cranes if the crane renter proves that the injury is the result of an error or neglect on the part of Kalundborg Harbour's personnel.

Item 3.8

The crane renter shall be liable for all damage to the crane and crane materials occurring during the rental period, including for damage resulting from missing or insufficient information regarding obstructions, in the cargo hold and elsewhere.

By any matter of dispute there will be referred to the Crane Regulation of the Port of Kalundborg for description of the conditions.
